

## Virtual Zoom Club Meeting

**Date: Wednesday, January 27, 2021**

**Speaker: Sam Veith - Fun Fishin' Guide Service**

**Topic: Fall/Winter Walleye Trolling on Geneva Lake**

Sam Veith is the current owner/operator of *Fun Fishin' Guide Service* [FunFishin.org](http://FunFishin.org) on Geneva and Delavan Lakes: Mission is all about giving back to Veterans and promoting fishing as a therapeutic activity to combat PTSD & mental illness.

Grew up in the city, son of a Chicago fireman, and had minimal access to fishing (dad was not a fisherman). Annual family trips to *Voyageurs National Park / Kabetogama* Lake spurred my love of fishing as a kid. Worked for Outdoor Network Web Design & Hosting after college which led to more connections in the fishing industry and coming up to fish Geneva for the first time in my early 20s about 12 years ago.

Moved to Wisconsin 8 years ago to fish more and started part-time guiding last year in 2020. Fishing education and experience also includes: Spence Petros Fishing School in 2008, 1st mate aboard *Erie Drifter Sportfishing* charter boat on Lake Erie for two seasons, multiple trips with John Trossen, William "Billy" Heim and Steve Everetts on Geneva & Delavan.

I currently reside in Salem, WI with my wife, Maria, and new baby daughter, Rosalie, born Halloween 2020. Day job: Commercial Insurance Broker specializing in Risk Management / Safety for Construction & Manufacturing with **R&R Insurance** out of Waukesha, WI.

Sam's presentation will be centered around a HOT pattern on Lake Geneva, the fall & winter trolling bite. If you have not heard of what's been happening on this topic this is an opportunity to get some inside information. **Members will receive login details several days prior to the meeting via email.**
