THE STATUS OF THIS MEETING IS DEPENDENT UPON THE LOCAL GOVERNMENT AND VENUE GUIDELINES FOR SOCIAL GATHERINGS; PLEASE CHECK THE WEBSITE FOR UP-TO-DATE DETAILS. FACE MASKS AND SOCIAL DISTANCING WILL BE REQUIRED.

Bob Claus is a multi-species guide, and owner of *Finfanatic Charters* out of Green Bay, WI. His goal is to not only put you in position to catch fish, but to educate you on what to do and how to do it. Bob's clients take away the knowledge to produce similar results on their own.

Bob was raised in Upper Michigan, grew up in a sportsmen's paradise-with a father, grandfather and many uncles that were constantly taking him out and teaching him the finer points of fishing and hunting. He moved to Wisconsin in the mid 90's and began exploring and learning the waters of Sturgeon Bay, Green Bay and Lake Winnebago. Claus has also spent a lot of time on the Wolf River System, Mississippi River and several other rivers in this great state.

Claus is a member of the Sheboygan Walleye Club, Walleyes For Tomorrow, the Green Bay Area Great Lakes Sport Fishermen and The Walleye Federation. He also has several years of tournament experience, including several top SWC Cabela's Qualifying finishes, and a member of the SWC Team of the Year and Club Champions for 2010, 2012, and 2013. Bob qualified for the Cabela's National Team Championship 4 times finishing 25th out of 270 teams in 2011.

Bob specializes in fishing for walleye, pike and smallmouth on the trophy rich waters of Green Bay, Sturgeon Bay, and the Fox River. He will be concentrating on some proven jig fishing techniques he has perfected over the years. This will be a perfect time to get you prepared for areas that are some of the club member's favorite places to fish.
