

Wisconsin Meeting

M-W Marine | 11901 W. Janesville Rd. | Hales Corners, WI 53130

Date: Wednesday, September 30, 2020 (6:30 PM)

Speakers: M-W Staff (Jim Halavac & Jim Wilke)

Topic: *Winterizing Your Boat*

Long time Premiere Sponsor, **M-W Marine** has invited us to meet at their location in September as we were unable to meet there as planned in July due to Covid-19 concerns. M-W is a well-respected boat dealer selling new *Ranger*, *Vexus*, and *Lund* boats as well as a wide assortment of used boats,

featuring *Mercury* outboards.

M-W has a large service department for all your marine servicing needs as well a completely stocked parts department and boat storage facility.

M-W service department mechanics, Jim Halavac & Jim Wilkes, will talk to us about proper winterization of our boat rigs. M-W wants us to be sure we know the importance of this annual task so that our rigs will perform as expected. Discounts on selected winterization products will be offered to members and guests during this event.

We will not serve food or beverages. You may bring your own food and beverage to enjoy as you socialize (safely) with other members and guests. Feel free to arrive early to peruse the boat inventory at M-W's showroom.
