

Illinois Meeting

Gurnee American Legion | 749 Milwaukee Ave. | Gurnee, IL 60031

Date: Wednesday, February 27, 2019

Speaker: Walleye & Bass Pro - Korey Sprengel

Topic: *How Your Electronics Will Up Your Odds to Put More Fish in the Boat*

Last November in Wisconsin Korey Sprengel made a presentation about using electronics in a unique way. It was so well received that we have asked him back but this time to speak in Illinois on February 27th.

Korey is well known for his walleye tournament success. Korey has been tearing up the *Cabela's National Walleye Tour* ever since its inception in 2013. Korey's most recent *NWT* victory was the 2018 Winnebago event. Sprengel is one of those rare tournament anglers that also fishes for bass which you can witness by browsing his *Facebook* page [KoreySprengelFishing](#).

One of Korey's biggest assets is his dedication to planning, research and preparation for each event. Everything must be perfect and ready to go, leaving nothing to chance. He will expand on how he prepares and what his routine is.

If you did not have an opportunity to be at his last presentation then you are in for a treat. Almost every member that was at that meeting walked away impressed and with more knowledge than ever!

We are honored to have another top tournament pro speak. Please join us in February and get to the meeting early as it will be packed.
