

**Illinois Meeting | Wednesday, April 27th | 7:00 PM**  
**Panel Discussion - Keith Hahn Moderator**  
***MULTI-SPECIES FISHING THE FOX CHAIN O'LAKES***

It's been a few years since the last panel discussion from members who know the chain like the back of their hand. Keith Hahn will be moderating the panel of Phil Piscitello, Jim McDonald, and a few surprise presenters. These anglers will share their detailed information about this large body of water.

If you have never been to a member panel discussion you are in for a treat because there will be a plethora of information & details

shared that one might not normally get. Each of these anglers have spent time guiding or fishing, including tournaments, the Fox Chain O' Lakes throughout the year and will enlighten the members on some little details & techniques that will help you locate and catch more fish.

This presentation should also help our members that have been somewhat hesitant about getting involved in our Veterans Outing in September each year. By the time they are done you'll have more than enough information to help with our yearly event that has been enthusiastically accepted by the Veterans.

Block out this date and make plans to get to this meeting and it will be full of information you will not find anywhere else!
